About Us

We are a Pottery and Art Studio that works with **tableware, decor, and spatial objects**, focusing on material quality, functionality and design. This catalogue features our core product lines available for **bulk orders, interior projects, conceptual work and custom collaborations**.

All pieces are **made in-house**, with scope for **customisation** in form, glaze(finish/colour), and quantity. Designed for those working across hospitality, retail, design-driven spaces or for personal use.

Product Category

Dining & Table Essentials

A collection of hand-thrown ceramic tableware designed for everyday use. This includes plates, bowls, mugs, cups, and curated sets. All pieces are available in different glaze finishes and can be customised for bulk production. Suitable and food safe for homes, restaurants, cafés, and lifestyle brands looking for durable, functional handmade ceramics.

Product Category

Functional Decor

Functional decor objects made for modern living spaces. Anything from sculptural vases, storage baskets, matchable sets to other multi-use home accents. Designed to add subtle character to interiors while maintaining utility. Available for customization and production in small or bulk batches.

Product Category

Interior Ceramics

Handmade ceramic elements created for spatial and interior design needs. This includes pendant lights, wall installations, planters, and custom ceramic forms used in residential, commercial, and hospitality projects. Pieces are made to order and can be adapted to match specific design briefs and material palettes.

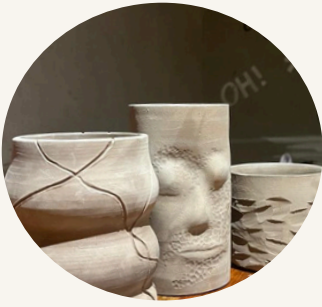

Process Flow

Ideation

We begin with a collaborative conversation to understand your needs, preferences, mood board and the essence of your space. This session helps us align on scale, function, and visual direction before development begins.

Prototype & Design Development

We translate the concept into a tangible form. We develop initial models or samples to explore proportions, finishes, and functionality – refining until it reflects your vision.

Quotation

Once the prototype direction is clear, we share a detailed quotation. This includes pricing, customisation scope, and estimated timelines based on batch volume, material choices, and complexity.

Production & Crafting

These pieces are hand-crafted at our studio from scratch, ensuring each item is made in small batches with high-quality materials.

Packaging & Delivery

Finished pieces are packed using eco-conscious materials to ensure safe delivery.

Gifting, Hampers

We offer curated sets for birthdays, housewarmings, weddings, or just because.

Each hamper is put together with care, and can include ceramics, small handmade accents, or a personal note.

We also work on bulk and custom gifting for teams, events, or celebrations.

Delivery

Made-to-order or bulk orders may take a minimum of 4-6 weeks

We'll always share timelines up front and keep you updated along the way.

We deliver across India.

In Chennai?

You can opt for pickup from our studio or local delivery options.

For inquiries or custom orders, feel free to reach out to us at clarthware@gmail.com or call us at **9750933351**.

Testimonials

"I've bought a few pieces from Clarthware - the quality and finish is outstanding. The packaging is lovely too. They're great for gifting!"

-Mahima Chandak

"Shreya is my friend and I recently purchased a cup and saucer set and absolutely loved it. She's passionate in the work she does and I would highly recommend this place for anyone who is looking to purchase stuff made of clay."

-Khatija Rahman

"Super Talented! Pleased with your determination to make this. Very dedicated to work."

-Nikhil
